Blue Sky Lighting

About Blue Sky Lighting

Blue Sky Lighting designs and manufactures low cost, energy efficient lighting for the outdoor media and signage industry. Our objective is simple - to make displays look better while significantly reducing energy and maintenance costs.

The Blue Sky Difference

We're proud of what we do and like to work side by side with our customers on both small and large installations. Our Phaon and Channel Bright lighting systems are designed to meet almost all lighting needs, but we also develop custom solutions from the ground up to ensure every customer receives the best performance and maximum return on their investment.
